BAJA SAE

OREGON

Exciting Volunteer Opportunity at the Race Track!

Baja SAE Oregon is an international engineering competition that tasks college students with engineering and manufacturing an off-road racing vehicle. The Oregon Tech team is ready to go but we need your help!

Volunteers are needed on Saturday, June 2, 2018 during the four-hour endurance race that will push the cars to their limits. Be part of the action by helping with course flagging, recovery crew, lap counting, registration or general volunteer work.

Volunteers receive a free t-shirt and will enjoy a BBQ lunch with other Oregon Tech representatives.

Go Teams!

Oregon Tech Spring Sports had an outstanding season and six of the seven teams look to be headed to National Championships.

Softball just concluded its regular season where the Lady Owls finished 3rd with a record of 35-11 and 21-6 in conference play. They are currently ranked at No. 20 heading into the Conference Tournament.

Both Oregon Tech Golf Teams captured the CCC regular season and tournament championships recently in Bend, Oregon and received automatic berths to the NAIA National Tournaments.

Track and Field is on pace to have its highest finish in the last seven years in the Cascade Conference Championships. The OIT men are currently ranked at No. 7 nationally which is the highest in school history. The Owls are set to send its largest ever amount of athletes to the NAIA National Tournament at the end of the month.

The OIT Baseball Team finished its season finishing strong with a 24-28 record, the third most wins in school history, and the most wins since 2010.

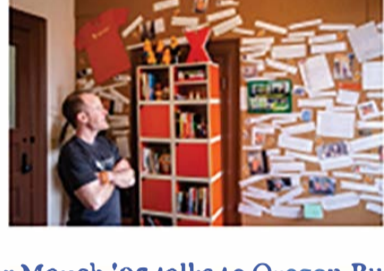

Not only have the Oregon Tech Student Athletes performed well on the field of play, they have also gotten it done in the classroom, many earning Academic All-CCC honors for their performances in the classroom. Go Owls!
